

MT150 Laser Distance Meter

The MT150 is a Bluetooth pen-shaped professional laser distance meter capable of measuring lengths up to 50m, designed to provide high accuracy. This is a one person measuring and estimation tool ideal for measuring remote and difficult to reach places. The meter offers area and volumetric calculations as well as a continuous measurement mode plus has the added features of a built-in level and a buzzer indication. The Bluetooth function allows the user to transmit data to the Android or iOS mobile App for viewing, organising and sharing recordings. The IP54 double moulded rubber case is splash proof and dust resistant.

Features

- Bluetooth 4.0 with App support
- Distance measuring and estimate tool
- Area, Volume calculations
- Measures up to 50m with 1.5mm accuracy
- Indirect measurement using Pythagoras
- Addition / Subtraction
- Continuous measurement
- Min / Max distance tracking
- Display illumination and multi-line display
- Store 20 measurements
- Best for indoor applications
- IP54

Function	Range
Range	0.05 to 50m
Measurement units	m, in & ft
Laser class	Class II
Laser type	635nm, less than 1mW
IP Grade	IP54
Size	135 x 33 x 24mm
Weight	80g

Built-In Level Vial

50m Measuring Range

LCD Display
